Dear Friend and Neighbor:

For over 50 years, Gateway Heights Club has provided members of this community a special gathering place for summer fun and relaxation.

Our facilities include a pool for infants and toddlers and a larger pool for kids of all ages from one to 100! Uniquely shaped,

our pool offers swimmers of all ages a place to play, walk or swim (laps), jump and dive, or just sit and be refreshed during the hot summer days. We have picnic pavilions, a swing-set and slide area, tennis courts, volleyball court, basketball hoop and even two tetherball poles.

Our pool has played host of many birthday and graduation parties, as well as fundraising and fellowship events. Our friendly and skilled lifeguards, coaches and teachers have taught thousands of children and adults over these many years, critical life skills such as swimming, water safety, sportsmanship and teamwork.

Most importantly, Gateway Heights is an asset to its surrounding neighborhoods. Studies have shown that a well-kept community park, pool or recreation center helps to attract home buyers and gives sellers a reason to demand top dollar for their homes. As the real estate experts will tell you, it's all about "location, location, location!"

We are happy to tell you that Gateway Heights Club has opened for business for its 51st consecutive summer...and the facility still looks beautiful!

However, as you may not be aware, over the past decade we have had to be creative in finding ways to fund our operating expenses. State and local grants are no longer part of our income. The demographics of the area have changed, as have the summer habits of families and children. This has resulted in a steady decline of membership. Our challenges are no different than any those of the five other community pools in Monroeville. We hope that you are willing to help.

As a current member, former member and/or a neighbor of Gateway Heights Club, we hope you will agree that having an active community pool and recreation facility with the amenities noted above is valuable to the community. Several community swimming pools in the eastern suburbs have closed in the past two decades, and the impact to their communities (and property values) has not been positive.

Simply put, we are asking you to consider making a donation to our swim club. In return, we will recognize our donors appropriately at the facility, as noted below.
